PRODUCT DESCRIPTION

Designer: Astro Design Team

Astro Aqua Single Wall / Ceiling Light

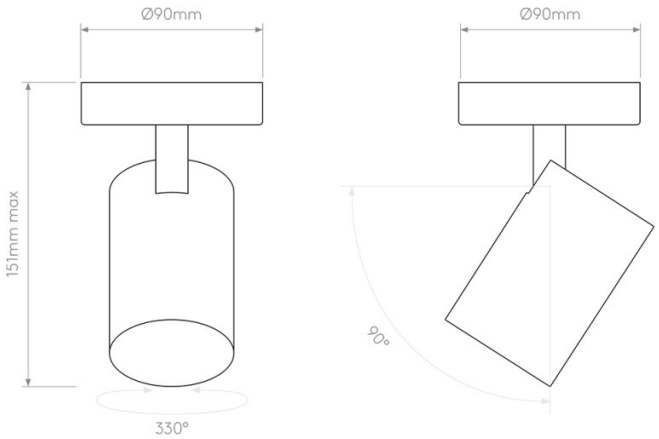

The Astro Aqua Single is a compact bathroom spotlight designed for either ceiling or wall mounting. With its minimalist form and IP44 rating, it is perfect for bathroom zones 2 and 3, where it can deliver both functional and accent lighting.

The adjustable spotlight head tilts up to 90° and rotates 330°, ensuring light can be directed precisely where required. When paired with a dimmable GU10 lamp, it offers adaptable brightness, from clear task lighting to softer ambient tones. Its compact design makes it especially suitable for smaller bathrooms or for use in multiples across larger spaces.

Available in matt white or polished chrome, the Aqua Single combines understated style with durable aluminium and glass construction. It is a practical and elegant solution for contemporary interiors seeking versatile bathroom lighting.
