Astro Ascoli Desk Lamp

The Astro Ascoli Desk Lamp is a compact and contemporary task light, ideal for offices, workstations, and bedside tables. Sharing the clean, minimalist aesthetic of the Ascoli range, it features a robust spotlight head mounted on a slender arm, finished in textured white, bronze, matt black, or matt nickel.

The adjustable head tilts up to 90° and rotates 330°, ensuring precise light placement for reading, working, or accenting smaller areas. An integrated switch located at the base provides easy on/off control, while the GU10 lamp compatibility allows for tailored brightness and light quality to suit your tasks.

Constructed from durable mild steel, the Ascoli Desk Lamp is built for reliability and long-term use. Its practical size, flexible adjustability, and contemporary finish options make it a versatile piece that balances style with function in modern interiors.
