## SLAMP®

THE LEADING LIGHT

Slamp Flora Floor Lamp.

In a land kissed by the sun, nature, colours and artisan expertise bring life to highly expressive pieces dense with archetypes, including Flora, the collection inspired by the Monstera Deliciosa plant. Sixty petals surround a satin sphere illuminated from its core. The lamp is available both as a suspension version, as well as a ground version resting on thin legs that resemble a flower's pistils. The petals' shiny finish, to which we have added gun-metal grey, is achieved through an innovative aluminium vapourization system that creates an evocative play on light, seemingly stolen from the sun at its zenith.
