PRODUCT DESCRIPTION

Designer: Elisa Giovannoni

Slamp Liza Table Lamp

Designed by Elisa Giovanni for Slamp, the Liza Table Lamp was inspired by classic crystal lampshades. Giovanni transferred the timeless shape and look of the precious crystal glass into this magnificent table lamp. The body and shade are made from patented Lentiflex®, a high-tech polymer. The Slamp Liza Table Lamp harnesses a modern design with a pleated shade, creating contrasts of light and shadows that give depth and warmth to any space.

This lamp boasts a double illumination system, in addition to a classic E27 socket below the lampshade, it is also equipped with an LED module integrated in the base, which softly illuminates the table lamp itself. Both light sources can be switched on and off independently from each other, allowing you to decide whether the table lamp should serve as an atmospheric mood light or it should provide a bright and diffused basic illumination.

The lovely lampshades on the Liza pendant are equipped with ridges that make them look incredibly artistic, whether the lamp is on or off. However, when the lamp is on, you notice the ridges, the weight of the lampshade, and the presence of the lampshade in general. The Liza Table Lamp is guaranteed to make a big impact in your space.

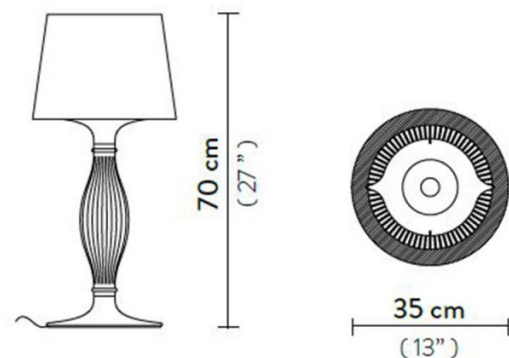

PRODUCT SPECIFICATION

Light Source: 1 X Max 12W LED E27 (excluded)

IP Code: 20

Dimming: In line on/off switch included on cable.

Dimensions: Ø35cm
Height: 70cm
