Foscarini Allegro Assai LED Pendant Light

This pendant is the LED version of the Allegro Assai pendant, bringing an energy-saving version for a longer lasting glow. Inspired by the musicality and vibrancy created from the rods used to make the lampshade, the Allegro Assai LED pendant was named after musical terminology. The light is characterised by its geometric shape and angular lines which are eye-catching and fascinating.

This pendant light emits a downward directed light to act as an overhead spotlight and an upward diffused light which creates an overall illumination that can warm the room. Perfect for hanging in large spaces both at home and in commercial settings, the Allegro Assai LED pendant light can be paired with other lights from both the Foscarini Allegro collection and the Foscarini Allegro collection to make a big impact. Put into a beautiful cluster, a functional row or use as a stand-alone to have a modernistic light feature in the room.
