PRODUCT DESCRIPTION

Designer: Neri&Hu

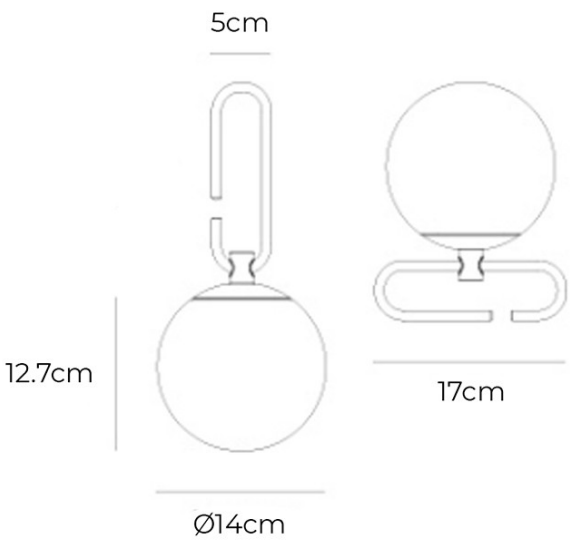

Artemide nh 1217 Table Lamp

A modern take on the traditional Chinese lanterns, the Artemide nh 1217 Table Lamp was designed by Neri&Hu Design. The lighting solution boasts a flexible brass handle that functions as either a base for a table light, a ceiling mount, or a wall mount. The handle allows you to move around the light to your liking and mood, meaning even though this design isn't dimmable, you can still control whether the lighting output is direct or indirect. The blown glass shade provides an evenly diffused glow that adds character and warmth to any space.

Nh 1217 features a hand-blown glass diffuser and a brass handle, thereby building on the interaction among detail, material and experience. The selected materials represent a perfect combination of tradition and innovation, as well as the expression of responsible and sustainable design, also conveyed by the use of a low-consumption retrofit LED source.

PRODUCT SPECIFICATION

Light Source:	1 x Max 5W E14 LED (Excluded)
IP Code:	20
Dimming:	In-line on-off switch included on cable.
Dimensions:	Diffuser: Ø14cm Height: 12.7cm Width: 17cm
