BESTLITE

BL3 Floor Lamp by Bestlite

Designed in 1930 by Robert Dudley Best, the BL3 floor lamp is a versatile and beautiful light. Inspired by Bauhaus, this floor lamp has clean, elegant lines that epitomise the movement and is an iconic light that is available for modern users. The floor light has an adjustable arm that slides up and down the tube so you can change the height. The lampshade also can be moved and the arm can bend and swivel so you can direct the light exactly where you need.

The BL3 floor light emits a lovely, soft glow that will create a warm ambience in the room and with its flexibility it can also be used for reading or tasks. This light is available in 2 sizes so you can find the right fit for your space. It also comes with a choice of 3 base colours and a variety of shade finishes to match to your interior design. Perfect for commercial and domestic settings, this chic and timeless light can be used in lounges, bedrooms, offices and many more to amaze and catch the eye.
