PRODUCT DESCRIPTION

Designer: Jasper Morrison

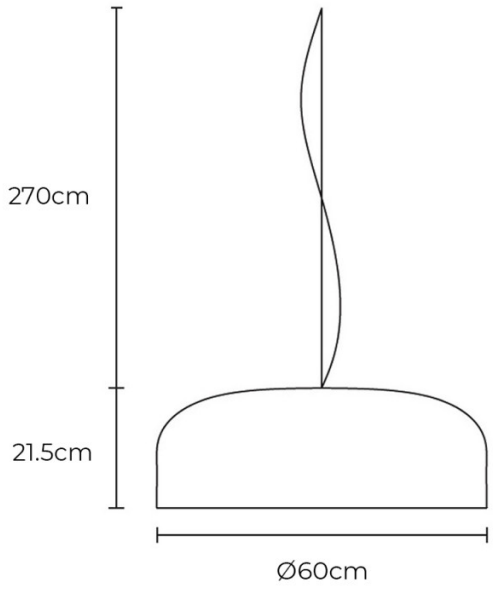

Flos Smithfield S Pro LED Pendant Light

Inspired by London's Smithfield Meat Market, the Smithfield LED Pendant Light was designed by Jasper Morrison in 2009. The Smithfield suspension has an aluminium body with an opalescent polycarbonate diffused available in a choice of either matt black, glossy black, glossy red, glossy green, white or mud finishes.

The Smithfield S Pro LED Pendant provides a generous direct yet diffused light and, thanks to its opalescent diffuser, produces a glare-free light output. The minimal design and slender profile of the Smithfield S Pro pendant lamp make it a great choice for kitchen lighting, either as general lighting or over a breakfast bar. The Smithfield's fantastic light output also makes it great as a dining room light, suspended over a table. The **Smithfield Collection** also includes a ceiling version, both in LED and retrofit, ideal for spaces where ceiling height is at a premium.

PRODUCT SPECIFICATION

Light Source:	45W, 2700K, 2791 Lumens
IP Code:	20
Dimming:	Push to make/switch dimming, dimmable using push to make switches. Please consult your electrician, additional wiring may be required on site.
