PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole Cestita Bateria LED Portable Lamp

One of the newest members of the Cesta family, the Cestita Bateria is the cordless and portable version of the popular lamp. The original Cesta and smaller Cestita were designed by Miguel Mila in 1962 and have since become Santa & Cole masterpieces. The Cestita Bateria is an infusion of Mila's artisan creation, craftsmanship and the latest LED technology. As its name might give away, the Cestita Bateria lamp is battery-powered and features an integrated 3-step dimmer located at the base of the lamp, allowing you to tailor the light's brightness.

The basket, made of cherry wood holds the opal polyethylene or opal glass globe lampshade and is entirely handmade by European craftsmen, using traditional techniques. The portable lamp lasts 5 hours on its highest power, 12 hours on medium power and 24 hours on the lowest power and is suitable for use all around your interior.

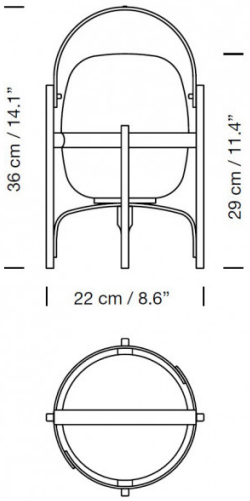

PRODUCT SPECIFICATION
