PRODUCT DESCRIPTION

Designer: Lee Broom

Lee Broom Tube Marble LED Suspension

The Lee Broom Tube LED Suspension is crafted from a singular piece of Carrara marble, making each one completely unique. Tube is a handcrafted twist on the traditional fluorescent tube light, the marble diffuser encloses a line of LED bulbs, which give the appearance of one long and continuous LED strip. The LED light source of the Tube Suspension emits a warm glow, providing your space with ambient lighting which is perfect for locations where you need to create a peaceful domain.

This linear suspension light is the perfect fit for above your dining table or kitchen island, similarly, in professional or commercial environments the Lee Broom Tube LED Suspension makes a statement in contemporary offices, restaurants and bars.

Please Note: The external LED driver (supplied) must be housed within the ceiling cavity or similar space above the ceiling rose.
