PRODUCT DESCRIPTION

Designer: David Pompa

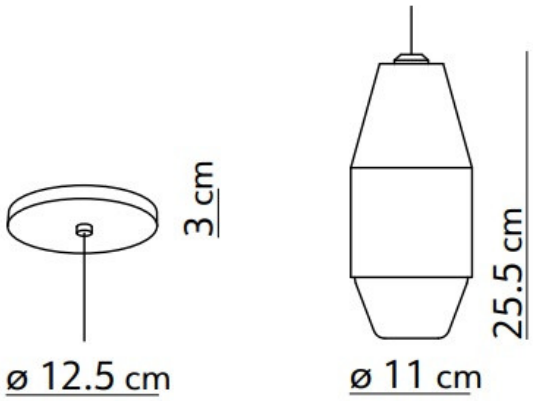

KDLN Yuma Pendant

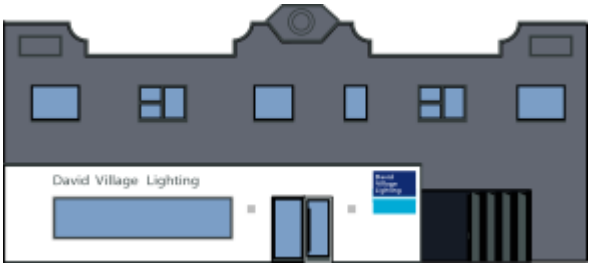

The KDLN Yuma Pendant, designed by David Pompa, is a sophisticated contemporary pendant with a distinctive sculptural aesthetic. Its elegant form combines a spun brass body with a blown glass diffuser for a striking yet understated presence. Designed with both form and function in mind, Yuma brings a refined touch to modern interiors and works particularly well alongside minimalist contemporary schemes.

Ideal for both residential and commercial interiors, the Yuma Pendant provides a gentle downward-directed light that is softened by the glass diffuser. This warm, glare-free lighting suits dining rooms, bedrooms, kitchens, or hospitality settings such as a modern bar. Install individually above dining tables, kitchen islands, or desks, or arrange multiple pendants to create a more impactful lighting installation.
