PRODUCT DESCRIPTION

Designer: Mariana Pellegrino Soto

Oluce Alba Wall Lamp

The Oluce Alba Wall Lamp, designed by Mariana Pellegrino Soto, reimagines the natural form of a water droplet in a sleek and functional design. Its opaline blown-glass shade emits a soft, diffused light, creating a calm and inviting atmosphere in hallways, stairwells, or accent walls. The anodic bronze frame provides a subtle contrast to the smooth glass, offering a modern yet timeless aesthetic.

Compact yet impactful, the Alba Wall Lamp is as versatile as it is elegant. Its minimalist design fits seamlessly into residential and commercial interiors, either as a standalone feature or part of a larger arrangement with other designs from the Alba collection. This lamp showcases a perfect balance of form and function, embodying the essence of contemporary Italian design.
