Oluce Alba Double Pendant

The Oluce Alba Double Pendant by Mariana Pellegrino Soto transforms the elegance of water droplets into a striking yet minimalist lighting design. Two opaline blown-glass shades are delicately suspended from an anodic bronze frame, evoking a sense of weightlessness and harmony. The pendant casts a soft, diffused glow that creates a warm, inviting atmosphere, perfect for dining rooms, stairwells, or high-ceilinged commercial spaces. Its balanced composition draws attention to its natural inspiration while seamlessly blending into both modern and classic interiors.

With its 280cm suspension cable, the Alba Double Pendant appears to float effortlessly in midair, enhancing its sculptural presence. Whether hung solo as a focal point or paired with other designs from the Alba collection for layered lighting, this pendant embodies understated elegance and timeless functionality.
