PRODUCT DESCRIPTION

Designer: Francesca Borelli

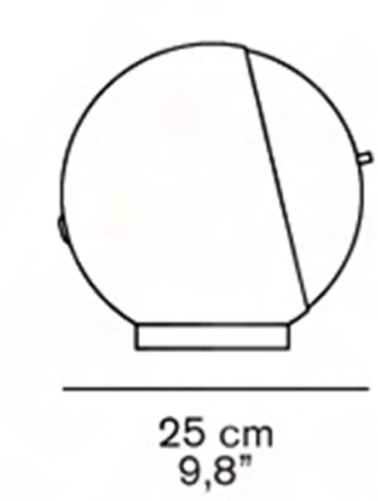

Oluce Eva LED Table Lamp

The Oluce Eva LED Table Lamp, designed by Francesca Borelli, is a poetic expression of contrasts and movement. Its spherical body, crafted from black matte metal with a gold-leaf interior, houses a state-of-the-art LED light source. The open side of the sphere allows light to radiate softly, creating an intimate and inviting atmosphere. A circular internal surface within the sphere can be adjusted, mimicking the phases of an eclipse and offering varying degrees of illumination.

The Eva Table Lamp is more than a light source, it's an interactive object that invites you to control the light's intensity and direction. Ideal for desks, bedside tables, or living spaces, this lamp adds a refined and celestial quality to any interior. Compact yet impactful, the Eva LED Table Lamp is the perfect blend of modern design and timeless elegance, making it a versatile choice for both contemporary and traditional settings.
