PRODUCT DESCRIPTION

Designer: Poul Henningsen

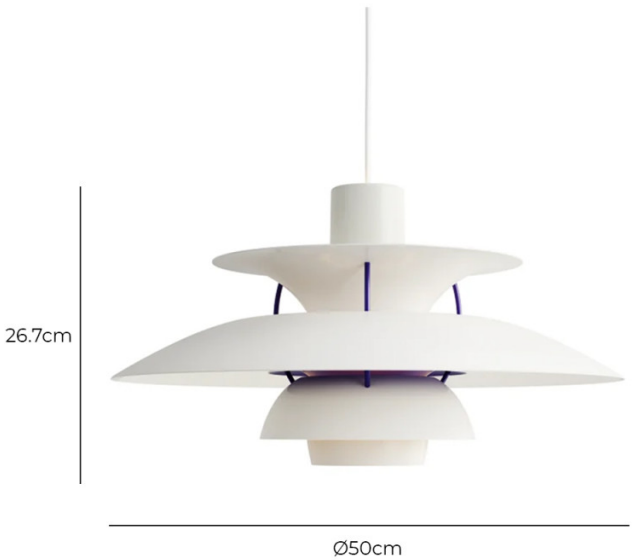

Louis Poulsen PH 5 500 Pendant Light

Poul Henningsen designed the Louis Poulsen PH 5 Pendant back in 1958 after his very successful PH series, and in response to changes in light bulb size and shapes. The light fixture radiates a beautiful and warm glow that shines both upwards and downwards and is designed to always be glare-free, thanks to the five shades that reflect the inner illumination.

The original design is now available in 21 finish options, 19 coloured and 2 metallic ones, thus allowing you to choose a PH 5 pendant light that best fits your home decor. Alternatively, the pendant can be hung in multiples using different finishes, creating your own colourful PH 5 cluster. The copper and brass surfaces are untreated. This means that over time, the surface will form a patina, adding to its beauty. That process might have already begun when the product is delivered.

PRODUCT SPECIFICATION

Light Source:	1 x Max 12W E27 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Shade: Ø50cm Shade Height: 26.7cm Cable Length: 300cm
