PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Flos IC T1 High Table Lamp

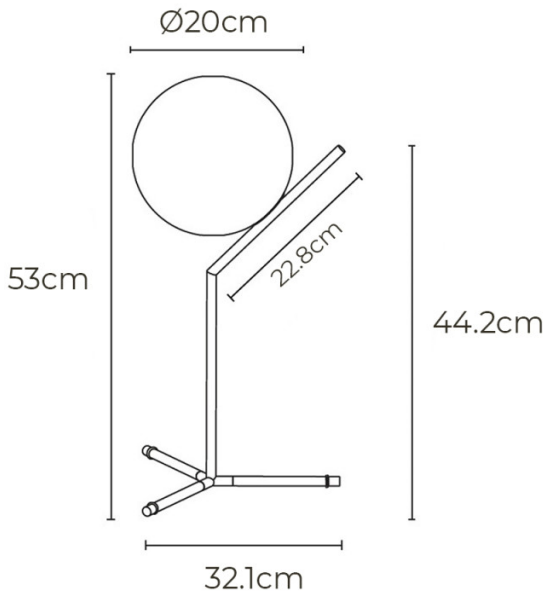

The Flos IC T1 High Table Lamp is one of three table lamps in the **IC Collection**. This version stands on a taller rod than its two sister lights, the IC T1 Low and IC T2, providing a more slender form. The IC T1 High Table Lamp explores balance with a glass sphere glossy diffuser that is perfectly "balanced" on the edge of a metal rod, being an elegant and sophisticated design.

The blown opal glass lampshade seen throughout this lighting range provides a soft, glare-free glow, and with a dimmer switch, you can also create the correct ambience for your interior. Use on tables in living rooms, desks, sideboards in dining rooms and even on bedside tables to create a warm atmosphere with a chic and beautiful lighting design.

A compatible Flos 7.5W LED E14 T28 Dimmable Bulb can be purchased separately.
