PRODUCT DESCRIPTION

Designer: Mads Sætter-Lassen

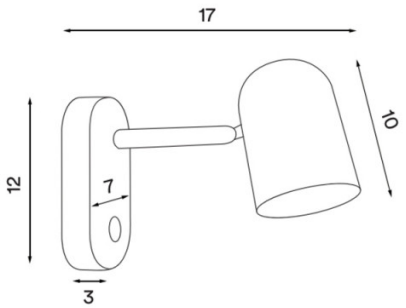

Northern Buddy Wall Light

The Buddy Wall Light was designed by Mads Sætter-Lassen for Northern. Mads described the light as “Always there when you need it – without being in the way”, which is how the lamp got its name. The wall lamp features a minimalistic profile and four neutral finishes, helping it blend into contemporary interiors. The shade is adjustable, allowing you to project the light exactly where it’s needed. Perfect for task lighting above a desk, bedside table, or next to a sofa as a reading light.

Also in this collection is **The Buddy Table Lamp,** which was the winner of the Northern Studio Award in 2015. The five finishes, Black, White, Dark Green, Dark Grey, and Warm Beige, are designed to complement a range of decors and interiors, whether domestic or commercial. The Buddy Wall Light is perfect for adding ambient lighting to your home, along with the innovation, style, and functionality of Nordic design.
