PRODUCT DESCRIPTION

Designer: Francesc Vilaró

Leds C4 Invisible Single Bend LED Pendant

Offering more flexibility than the original **Invisible Pendant**, the Leds C4 Invisible Single Bend is a unique and minimalistic directional luminaire. Perfect for task lighting, this pendant can be easily manoeuvred to direct the LED light output to where it is needed most. The different positions of its arm generate multiple compositions that convey a sense of almost complete weightlessness reminiscent of a mobile.

The Leds C4 Invisible Single Bend LED Pendant is available in a sleek black finish, allowing it to adapt to various contemporary spaces. Due to the adaptability of this suspension, the Leds C4 Invisible is a perfect choice for reading and task lighting, as well as for use in kitchens.
