## PRODUCT DESCRIPTION

**Designer:** Francesc Vilaró

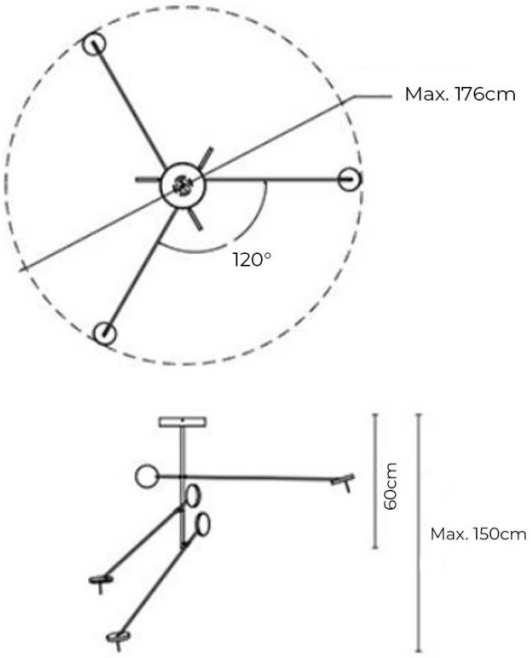

### Leds C4 Invisible Triple Bend LED Suspension

The Leds C4 Invisible Triple Bend LED Suspension is a highly functional luminaire that resembles a modern mobile. Boasting three arms, this suspension light offers a variety of compositions, all of which convey a sense of almost complete weightlessness. Each arm ends in an integrated LED light source, housed within a diffuser, that provides ample, glare-free, directional illumination.

This geometric luminaire, designed by Francesc Vilaró, is an excellent choice for above kitchen islands, dining areas and residential entryways. Similarly, the Invisible Triple Bend Suspension can be utilised in commercial interiors to make a statement.
