PRODUCT DESCRIPTION

Designer: Tokujin Yoshioka

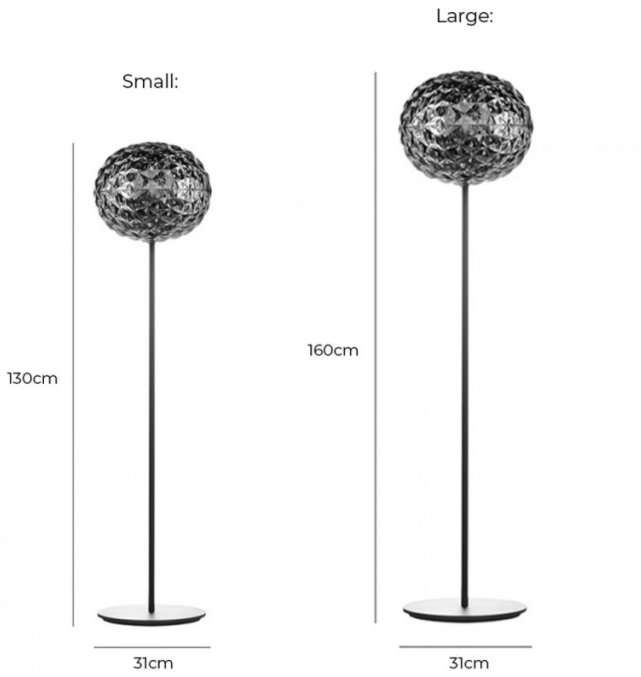

Kartell Planet Floor Lamp

Designed by Tokujin Yoshioka for Kartell, the Kartell Planet Floor Lamp is part of the **Planet Collection**, which is defined by its slightly elliptical diffuser and crystallised illusion design. This illusion and the transparent surface create a multitude of reflections, leading to a wondrous display of colour and light.

Available in two colours, either crystal and smoke, and in two sizes, the Planet Floor Lamp will add dazzle to your room and fit in nicely with a modern aesthetic. With both a small and large option, you can create dynamism by pairing them and using contrasting colours to make a light spectacle for everyone to enjoy. Similarly, it can be displayed alongside other designs in the collection for a cohesive interior.
