PRODUCT DESCRIPTION

Designer: Terence Woodgate

Case Core 6 Pendant Cluster

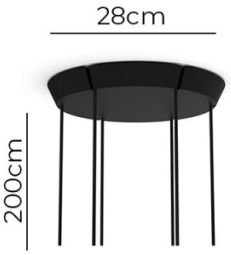

The Case Core 6 Pendant Cluster is made by British designer Terence Woodgate. Woodgate is known for his simple yet understated designs, with this pendant being a perfect example of these principles. The shade conceals all of the fixings, keeping its sleek profile uncluttered. The Core 6 is a variation on **The Case Core**, which hangs as a single pendant. The 6 Pendants in this cluster can be hung at different heights, offering flexibility in usage and making them suitable for a range of decors and personal styles.

The Core 6 Pendant Cluster is available in two finishes - Carrara or Nero Marquina marble. When lit, each pendant provides downward light, which also illuminates the bottom section of each pendant in a soft, ambient glow. Suitable for both domestic and commercial spaces, The Core 6 will create an eye-catching display within any interior.
