PRODUCT DESCRIPTION

Designer: Piet Boon

Boon Square by Moooi

Piet Boon, architect and designer, created the Boon collection for Moooi. The Square Boon is deceptively simple, but it is its size that inspires awe. The large square shade, with a 90 x 90 cm surface, is available in a black or white colours. The neutral colours are meant to match with any interior decor, both traditional and modern. The Boon lights have become a classic in Moooi's light collection.

As with its round sibling, the Boon Square can be installed in any environment; whether above a dining table or reception area, hang it as low or as high as you wish. You can even combine multiple Boon lights and create your cluster of giants! The lights can also be dimmed, via mains phase dimming, so that you can tailor the brightness of the light as you wish. The collection also includes the [Round Boon](#) suspension light, available in the same colours.

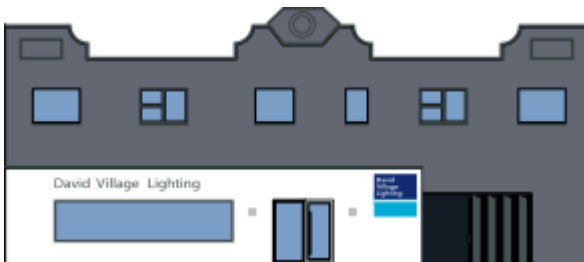

PRODUCT SPECIFICATION

Light Source: 1 x max 60W E27 (excluded)
