PRODUCT DESCRIPTION

Designer: Signe Hytte

&Tradition Journey SHY1 LED Table/Wall Lamp

Designed by Signe Hytte for &Tradition, the Journey SHY1 table/wall lamp has understated colour combinations for the base which perfectly compliment the opal glass moon-like sphere which it holds. With an integrated dial dimmer on the base which compliments the chosen colour, the Journey SHY1 wall/table lamp's light emission can be adjusted to suit any mood, whether it is used functionally as a reading light at 2800K or dialed down to create a cosy ambience at 2200K.

The [&Tradition Journey collection](#) also includes a hard-wired wall light, and the combination of both used in a room gives an aesthetic which is pure and poetic.
