PRODUCT DESCRIPTION

Designer: Space Copenhagen

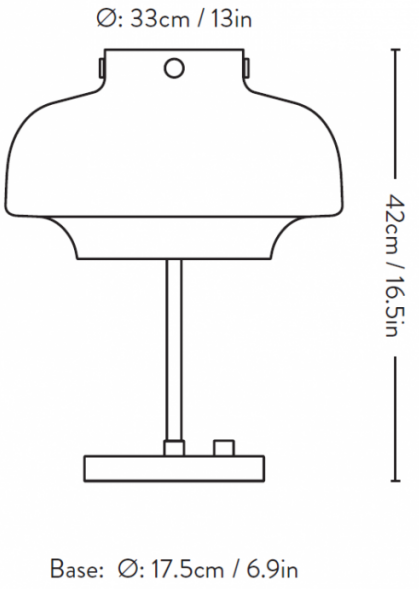

&Tradition Copenhagen SC13 Table Lamp

The &Tradition Copenhagen SC13 Table Lamp is distinguished by its dualistic design, a contrast between the refined mouth-blown opal glass lampshade and the durable brass frame. This intriguing contrast is typical of designs by Space Copenhagen, a studio which revolves around balancing opposites. The SC13 Table Lamp blends classic aesthetics with contemporary innovation. An integrated dimmer on the base allows users to easily adjust light temperature to suit any environment or time of day.

When illuminated, the satinized opal glass shade diffuses light into a soft glow that surrounds the lamp. This glare-free lighting is perfect for use at a bedside or in a living room to provide a comfortable ambience. Display with other pieces from the **Copenhagen Collection** to create an elegant and sophisticated aesthetic throughout the home. In commercial spaces, the SC13 Table Lamp blends seamlessly into restaurant and bar settings, adding a cosy and intimate lighting.

PRODUCT SPECIFICATION

Light Source:	6.6W, 2200K-2800K, 700 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Shade: Ø33cm Height: 42cm Base: Ø17.5cm Cable Length: 350cm
