PRODUCT DESCRIPTION

Designer: Space Copenhagen

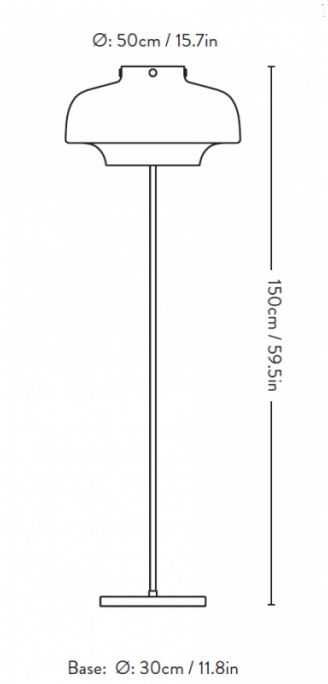

&Tradition Copenhagen SC14 Floor Lamp

Designed by design duo Space Copenhagen, the Copenhagen SC14 Floor Lamp adds to the **Copenhagen Collection.** Born from the duo's fascination with using contrasting elements in design, the Copenhagen Floor Lamp features a satinized opal glass lampshade paired with a bronzed brass base to combine delicate elements with industrial materials. The resulting design is a chic and elegant floor lamp that suits both classic and contemporary interiors.

The SC14 embraces the soft luminosity of opal glass. When switched on, the glass shade diffuses light into a warm glow reminiscent of sunlight through a cloud. With a dimming system and dim-to-warm function, users can adjust the light output to suit any environment or time of day. Display beside a sofa or in a dining room to add a touch of elegance to the room while providing a warm and comfortable ambience. In commercial settings, the Copenhagen SC14 Floor Lamp suits hotel lobbies, luxury boutiques, and contemporary restaurants.
