PRODUCT DESCRIPTION

Designer: Stefan Diez

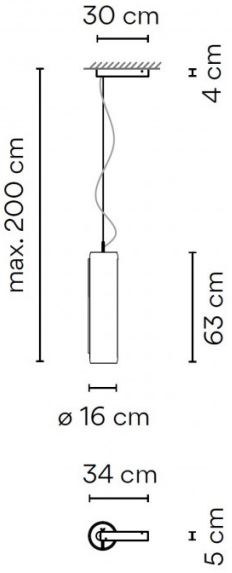

Vibia Guise 2270 LED Suspension Light

Designed by Stefan Diez, the Vibia Guise 2270 suspension is part of the Vibia Guise collection and features a sleek and eye-catching glass lampshade. This elegant pendant light has a clever and innovative design as the glass shade manages to conceal the LED light source to create a warm, diffused glow.

The Guise 2270 LED Pendant lamp has a moderate size and contemporary aesthetic making it perfect for use in a wide variety of settings. You can use it alone as an accent light or as a main light in a small space or display it in multiples for more general illumination in larger spaces. Perfect for above dining spaces, in living rooms, stairwells, kitchens or even in bedrooms.
