PRODUCT DESCRIPTION

Designer: Note Design Studio

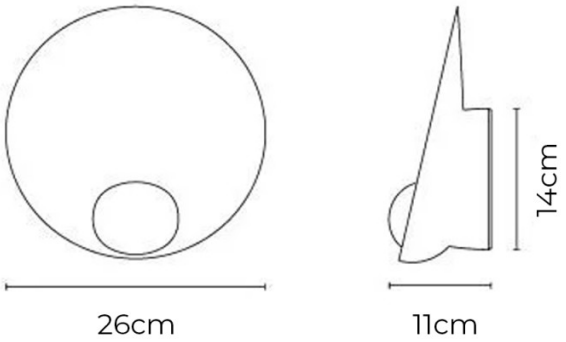

Vibia Musa 7415 LED Wall Light

The Musa 7415 Wall Light was designed by Note Design Studio for Vibia and has become an iconic design in their collection. The Vibia Musa Wall Light harnesses an organic form with a unique curved bowl structure that cradles the glass diffuser, this silhouette is not only for design purposes but also assists in reflecting the light illumination outwards to result in a more even dispersion. This wall light is available in three neutral finishes, allowing it to adapt to a wider range of interiors no matter what your style.

Vibia Musa 7415 Wall Light can be displayed individually in areas such as by your bedside, in a reading nook or a kitchen, or can be presented in clusters or rows for larger spaces such as long hallways or to illuminate a staircase. Musa easily catches your eye, exploring the delicacy of nature and guaranteeing to be a talking point. The warm ambient glow that it produces immediately makes you feel relaxed and at home.
