PRODUCT DESCRIPTION

Designer: Note Design Studio

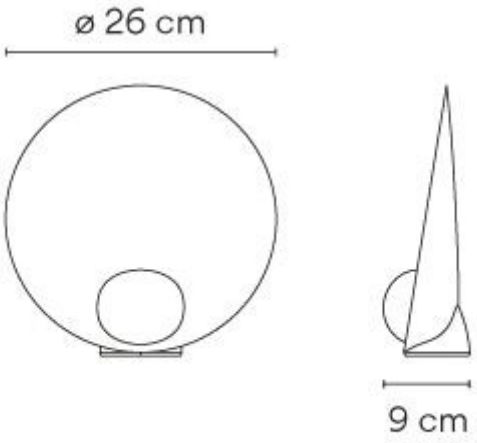

Vibia Musa 7400 LED Table Lamp

Designed by Note Design Studio, the Vibia Musa 7400 is a poetic table lamp that explores the delicacy of nature and boasts an organic form. The Musa 7400 Table Lamp consists of a curved bowl structure that holds a spherical glass diffuser, this diffuser harnesses the LED light source and results in a calming ambient illumination that is reflected off of the curved structure and projected evenly across the room. An aluminium base sits below the curved body to ensure it remains sturdy whilst having no negative impact on the design.

This Table Lamp stands upright, almost magically, and makes a beautiful addition to shelves, bookcases and side tables, creating a peaceful ambience in living areas, bedrooms and dining spaces. Available in three subtle matte finishes, ensuring it can easily adapt to almost any interior. Similar to this design, Vibia also offer the **Musa 7404 Portable Lamp** for when you require mobility with your lighting solution.
