PRODUCT DESCRIPTION

Designer: Note Design Studio

Vibia Musa 7404 LED Portable Lamp

The Vibia Musa 7404 Portable Table Lamp is an elegant addition to any setting, featuring a curved bowl which cradles the glass diffuser and appears almost as a fruit bowl. Musa was designed by Note Design Studio who took inspiration from nature, using this design to explore the delicacy of the subject, resulting in an ambient lighting solution with an organic form. The LED light source is projected through the glass diffuser, preventing glare, and thanks to the aluminium bowl structure it is reflected outwards which results in an even dispersion of light.

This poetic expression of light makes a gorgeous addition to coffee tables, side tables, bedside tables or dining tables. The illumination it presents assists in creating a relaxing atmosphere which is perfect for unwinding after a long day. Thanks to the 3-step integrated dimmer you can also adjust the intensity of Musa's illumination and personalise the feel of your environment. The Vibia Musa is available in three delicate finishes, providing a neutral colour palette and ensuring they can easily be presented in a range of interiors of different styles.

Battery life: from 6 to 18 hours (depending on intensity)

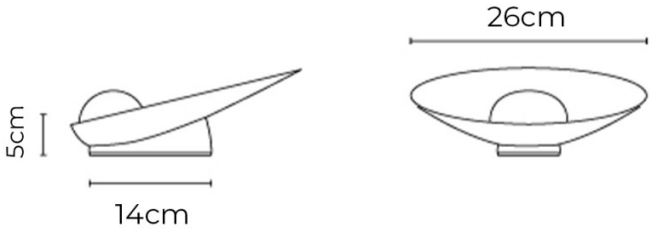

PRODUCT SPECIFICATION

Light Source: 2.1W, 2700K, 238 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Ø26cm
Height: 10cm
Base Depth: 14cm
Charging Cable: 300cm
