PRODUCT DESCRIPTION

Designer: Antoni Arola

Vibia Palma 3726 LED Pendant Light

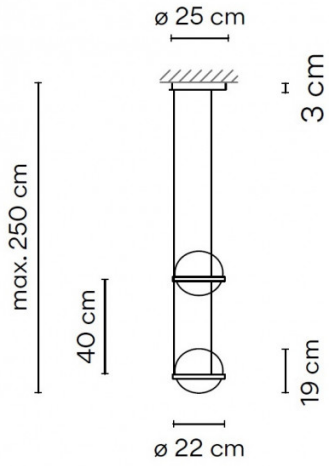

The Vibia Palma 3726 LED Pendant is an elegant lighting solution consisting of two suspended spherical diffusers, held by aluminium rings. The structure is available in either graphite or white, whilst the glass diffuser projects a warm and even dispersion of light, creating a calming ambience in whatever room you decide to display it in.

This ambient pendant was designed by Antoni Arola as part of the **Palma collection** and it aims to create a sense of calmness and produce an organic silhouette. The Vibia Palma 3726 Pendant can be displayed individually, or in clusters or linear rows depending on the size of the space. It creates a gorgeous atmosphere when suspended above kitchen islands, dining tables, shop counters or coffee tables.

This Vibia Pendant Light can also be supplied with a plant pot addition.
