## PRODUCT DESCRIPTION

**Designer:** Michael Anastassiades

### Flos IC T1 Low Table Lamp

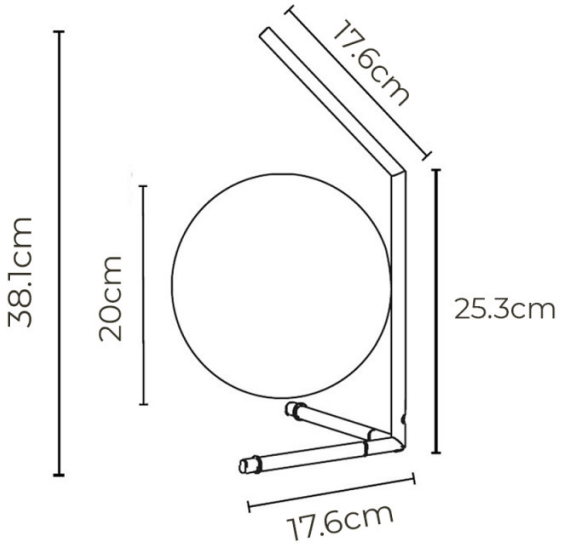

Designed by Michael Anastassiades, the IC T1 Low Table Lamp is one of three table lamps in the **Flos IC Collection**. The IC T1 Low is the shorter reinterpretation of the **IC T1 High Table Lamp**. This geometric lighting solution consists of a simple and chic metal structure that holds a glossy glass lampshade, perfectly balanced on the body.

An example of elegant design, the IC T1 Low Table Lamp is available in 3 finishes, brass, black, or chrome, and produces a soft, diffused glow. The table light also has a handy dimmer switch so you can create whatever ambience you want, whether you need a bright light for reading or a soft light for a cosy night in. Stylish and refined, this lamp can be used on desks, tables, shelves, and side tables in any interior, at home, or at work.

**A compatible Flos 7.5W LED E14 T28 Dimmable Bulb can be purchased separately.**
