PRODUCT DESCRIPTION

Designer: Panzeri Design Team

Panzeri Brooklyn Line LED Suspension

The Panzeri Brooklyn Line LED Suspension is a minimalist lighting solution designed for modern interiors, offering sleek aesthetics and high functionality. Constructed from extruded aluminium with a durable powder paint finish, the Brooklyn Line provides a clean and contemporary look for both residential and commercial spaces.

Available in two finish options, black or white, and two lighting configurations, a non-dimmable constant light or a dimmable version compatible with DALI and Push DIM systems. The opaline polycarbonate diffuser ensures soft, even light distribution, perfect for creating a welcoming ambiance.

The Brooklyn Line comes in three size options, 100cm, 150cm, and 200cm, making it versatile enough for various spaces, from dining areas and office environments to retail displays. Its 2.2m adjustable suspension cables allow for flexible installation heights, while its simple design ensures it seamlessly integrates into any interior scheme.
