Panzeri Candle Single LED Suspension

The Panzeri Candle Single Suspension Light is a sophisticated and versatile lighting solution for modern interiors. Inspired by the timeless elegance of a candle, this suspension light features a turned steel structure and a borosilicate glass diffuser, frosted at the top and transparent at the base, creating a warm and diffused light.

The minimalist design, paired with a sleek white finish, makes it an ideal choice for various settings, from residential dining spaces to commercial lobbies and large-scale installations. The 3m adjustable suspension cable ensures versatility for high or low ceilings, while the modular metal canopy allows for custom cluster configurations to create striking visual compositions.

Please note, this product is available with a replaceable bulb instead of the integrated LED on request. For custom configurations or assistance with multiple suspensions, please contact us.
