Normann Copenhagen Flow LED Table Lamp
PRODUCT DESCRIPTION

Designer: Andreas Kowalewski

Normann Copenhagen Flow Table Lamp

Normann Copenhagen Flow Table Lamp was designed by Andreas Kowalewski, who was inspired by the natural beauty of a tree's branches. Flow is a revolutionary lighting system that boasts a sleek and modern design. It features cutting-edge LED technology that provides efficient and long-lasting illumination, making it the perfect choice for eco-conscious individuals who prioritize sustainability without sacrificing style. With its modular design and flexible positioning, Flow offers endless possibilities for customization and creativity.

The elegant and harmonious design of the Normann Copenhagen Flow is a testament to the careful attention to detail and commitment to quality that went into its creation. It is a masterpiece of form and function, seamlessly blending style and practicality to offer a truly versatile lighting solution for any space. Flow is ideal as a work lamp in the home or in professional office environments, where the sculptural design provides optimum flexibility in lighting even large desks. With bright and clear illumination, Flow is an excellent reading lamp that can be situated next to your favourite cosy chair. Available in two colour choices, black and white, this table lamp has a modern, sleek aesthetic.
