PRODUCT DESCRIPTION

Designer: Panzeri Design Team

Panzeri Ypsilon LED Wall Light

The Panzeri Ypsilon Wall Light is a sleek and modern lighting solution, perfect for residential and hospitality interiors. Its minimalist brass bar design emits soft indirect lighting through a semi-opal polycarbonate diffuser, creating a warm and inviting atmosphere.

Available in five luxurious finishes, White, Black, Bronze, Matt Brass, and Chrome, the Ypsilon wall light complements a range of interior styles.

Choose between two fitting options, a Protruding Wall Plate suitable for standard wall installations or a Recessed Wall Plate a streamlined option for built-in applications offering a seamless look.

The absence of visible fasteners ensures a clean and contemporary aesthetic, while its efficient LED light source guarantees long-lasting performance. Perfect for accentuating hallways, bedrooms, or hospitality spaces, the Ypsilon Wall Light adds a touch of sophistication to any setting.
