Petite Friture Vertigo Large Pendant Light

Designed by Constance Guisset for Petite Friture, the Vertigo Pendant Light has an expansive form, adorning spaces with its soft and warm presence. With its ultra-light structure stretched with velvety polyurethane ribbons, this pendant lamp comes to life swaying in the soft air currents that surround it. Delivered folded; no two Vertigos ever fall the same, making it a unique addition to your interior space. When lit, the Vertigo pendant throws beautiful patterns of shadows on the surrounding walls and ceiling.

Characterised as “den-like”, the structure of the Vertigo Large Pendant creates a sense of definition and enclosure within interior spaces. This larger version is perfect for a vast space which needs a real showstopper. If your space is a little smaller, this luminaire is also available as the **Vertigo Medium Pendant**.

The Petite Friture Vertigo Pendant can be purchased with a 10m cable on request. Please Contact Us for further information and pricing.
