Petite Friture Mediterranea LED Suspension

The Petite Friture Mediterranea LED Suspension was designed by Noé Duchaufour-Lawrance after he was inspired by how laundry billows on Mediterranean balconies. The lampshade evokes this weightlessness with its folded design, which is paired with a lively pattern that is perforated into the metal.

The Mediterranea Suspension has a long shape, as the metal seems to be elegantly draped over a simple rod. The luminaire boasts a contemporary look and is available in a brushed brass finish that will suit many types of settings and add warmth to your interior. You can use the Petite Friture Mediterranea in commercial and domestic spaces, and with an integrated LED light source, it will be long-lasting and effective.

Please Note: The Mediterranea LED Suspension is also available in a larger size. Please contact us for more information and pricing.
