PRODUCT DESCRIPTION

Designer: Jonas Wagell

Audo Copenhagen JWDA Table Lamp

The JWDA Table Lamp was designed by Jonas Wagell and has become an instant classic in modern lighting design. This contemporary table lamp explores natural contrasts as a rounded opal glass lampshade sits on a sturdy and solid base. The base is made in several different materials such as marble, concrete and metal, exploring the countless possibilities of top-quality and superior materials.

The Audo Copenhagen JWDA Table Lamp comes in a range of elegant finishes and is equipped with a chic dimmer switch on the front of the base, which differs in colour depending on the base finish you choose. The glass lampshade conceals the light bulb, providing a warm and effective illumination that is perfect for an atmospheric glow, and can adapt to a variety of interiors. Use independently or alongside other designs in the collection, all curated to provide an alluring and stylish solution that will stand the test of time.

Please Note: The two marble finishes of the JWDA Table Lamp are slightly larger in size than the six other finishes available to purchase.

PRODUCT SPECIFICATION

Light Source: 1 x Max 3.5W G9 (Included)
