## Marset Santorini Indoor Pendant.

Santorini was created as an outdoor light, inspired by the lamps on fishing vessels. Four years later, after a good run, an indoor suspension version makes its appearance. The essence of its shape remains, but discarded are the traits that define it as an outdoor lamp: the hanging strap, the rubber cable, and its festive, Mediterranean colours. For this new version, Marset has chosen a more subdued colour palette that brings grace and serenity to indoor spaces. The new cloth cable gives it an appropriate softness and elegance.

Users can choose how many shades to place on the diffuser, along with their order, position and direction.
