Marset Vetra Pendant Light

Minimal, classic and muted are the first impressions of the Vetra by Joan Gaspar for Marset. Once illuminated, Vetra gives a surprising glowing, opal effect which is timeless and comforting. Marset Vetra gives off more light than one would expect, giving off mostly downward light and an all-round glow from its glass shade creating a glare-free light.
Vetra by Marset is perfect for dining areas with intimate gatherings, living rooms and even bedrooms due to the soft, welcoming light quality.
