## PRODUCT DESCRIPTION

**Designer:** Tim Rundle

### TR Bulb Table Lamp by Audo Copenhagen

The TR Bulb table lamp was designed by Tim Rundle and is part of the popular [Audo Copenhagen TR Bulb collection](#). With clean and simple lines, this table lamp has an opal shade that conceals the light source and diffuses a beautiful glow throughout the room. The minimalist design means this table light can suit many interiors, whether used in the home or in a professional setting.

The TR Bulb table light is available with either a matt opal or shiny opal lampshade and with the choice between a brushed brass or grey marble base so you can find the right look for your space. Use on desks, tables, side tables, shelves and more to provide a wonderful, warming illumination that is both useful and atmospheric.

**The bulb is integrated within the shade itself and; therefore, the shade and bulb need to be replaced as a whole. You can purchase a replacement in either a matt or shiny opal glass. Please [contact us for more information and pricing](#).**
