PRODUCT DESCRIPTION

Designer: Studio Kaschkasch

HAY Marselis LED Table Lamp

The HAY Marselis LED Table Lamp was designed by Studio Kaschkasch, a design studio founded by Florian Kallus and Sebastian Schneider. The duo's designs convey a sense of character while providing a helpful and practical addition to the home. This approach to design is reflected in the Marselis Table Lamp. Inspired by the curved silhouette of local street signs, the lamp features an arched metal frame for a sculptural presence with a strong personality.

The Marselis LED Table Lamp is crafted from die-cast aluminium and steel and features an internal counterweight to ensure stability. An injection-moulded polycarbonate lens houses the LED light source for evenly diffused light. The circular disc of light can be tilted to create indirect ambient and direct task lighting. This versatile lighting suits a range of spaces, from professional, corporate settings to residential interiors. Available in Soft Black and Ash Grey, the Marselis Table Lamp slips effortlessly into a range of design schemes.

PRODUCT SPECIFICATION

Light Source: 4W, 2700K, 213 Lumens

IP Code: 20

Dimming: Integrated dimmer on the product.

Dimensions: Height: 38cm
Depth: 20cm
Width: 10cm
Cable Length: 200cm
