PRODUCT DESCRIPTION

Designer: Studio Kaschkasch

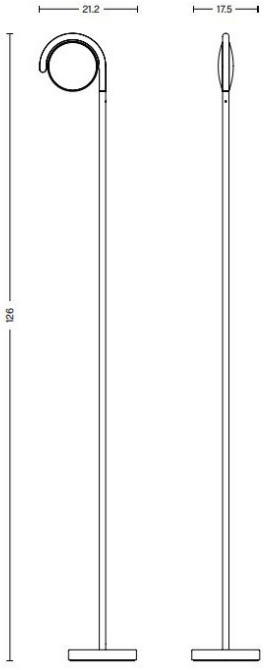

HAY Marselis LED Floor Lamp

The HAY Marselis LED Floor Lamp was created by Studio Kaschkasch, a design studio formed by Florian Kallus and Sebastian Schneider. The duo prides themselves on their straightforward yet beautiful designs that toe the line between form and function. Inspired by the bent tubing around local street signs, the Marselis Floor Lamp is crafted from die-cast aluminium and steel, bent into shape to create the lamp's striking arched silhouette. The light source is an injection-moulded polycarbonate opalescent lens that conceals a flat panel of light for a soft, diffused glow.

The Marselis Floor Lamp features an integrated LED light that ensures a lifespan of at least 25000 hours. The light source is housed within a tilting circular disc which can be adjusted to create direct task light or indirect ambient light. The 3-step dimmer allows users to adjust the light intensity to suit any mood. Available in two finishes, Soft Black and Ash Grey, the Marselis Floor Lamp slips seamlessly into a variety of corporate and private settings.

PRODUCT SPECIFICATION

Light Source:	4W, 2700K, 213 Lumens
IP Code:	20
Dimming:	Integrated dimmer on the product.
Dimensions:	Height: 126cm Depth: 21.2cm Width: 17.5cm Cable Length: 200cm
