PRODUCT DESCRIPTION

Designer: Adriano Rachele

Slamp Veli Ceiling / Wall Light

The Slamp Veli Ceiling/Wall Light boasts a modern and exuberant design. It is handmade by the prestigious Italian brand Slamp, and was designed by Adriano Rachele. The Veli Ceiling/Wall is made entirely from Opalflex. This exclusive, patented material was specially designed for Slamp, it is transparent, flexible, unbreakable and strongly recommended by designers. Veli convinces with its function. The light which passes through the beautiful shade does not glare and is diffusely distributed, making it functional yet not harsh. The diffuser of the Veli lights consists of specially developed and patented synthetic materials. The light shade has a complex shape due to artistical folding and intertwining of thin synthetic sheets. It is an expressive eye-catcher which perfectly fits in diverse furnishing styles.

This extremely modern and innovative design captivates every beholder - the light is available in multiple colours, which remain discreet yet create atmospheric lighting. The light can be mounted on the ceiling or wall with a practical magnet system. The lampshade is easy to remove - making it easier to replace and maintain the light.

PRODUCT SPECIFICATION

Light Source: 2 x Max 12W LED E27 (excluded)

IP Code: 20
