Slamp Veli 7 Suspension

The Slamp Veli 7 Suspension was designed by Adriano Rachele and inspired by the world of haute couture. It is an evolution of the rest of the Veli collection, specifically the pendant lamp. In this design, Rachele encircled one Veli bowl with six others - the fixture consists of seven individual Veli pendant lamps, but the outcome resembles a luminous flower. The Veli 7 is made entirely be hand, utilising Opalflex. This exclusive, patented material was specially designed for Slamp, it is transparent, flexible, and unbreakable.

Veli convinces with its function. The light which passes through the beautiful shade does not glare and is diffusely distributed, making it functional yet not harsh. The diffuser of the Veli lights consists of specially developed and patented synthetic materials. The light shades have a complex shape due to artistical folding and intertwining of thin synthetic sheets. It is an expressive eye-catcher which perfectly fits in diverse furnishing styles.

There's no shortage of choice with the Slamp Veli 7. This pendant lamp is available in diverse colours, so this fixture is designed to match a range of colour palettes and interior décor styles. The Veli large ceiling light designed by lighting designer Adriano Rachele can also be used as a wall light.
