PRODUCT DESCRIPTION

Designer: Lucie Koldova

Brokis Jack O'Lantern Pendant

An elegant lighting solution, with a light source that relies on nothing but gravity, the Brokis Jack O'Lantern Pendant boasts a subtle levitating metal frame and a luminous pearl in the form of a handblown matte sphere. This contemporary suspension was designed by Lucie Koldova and offers a range of combinations in regard to size and colour. The Jack O'Lantern Pendant comes as a singular light, a double or a triple depending on the size of your space and your interior style. With inspiration taken from the carved pumpkin, the concept of the Jack O'Lantern is to guide the way and beckon passers-by to enter.

The Brokis Jack O'Lantern Pendant makes a beautiful addition to hallways, above dining tables, over kitchen islands and even as a bedside lamp. This geometrically balanced pendant light produces a diffused ambient illumination and can be hung individually or in clusters of vertical lighting arrangements to make a statement in your environment.

This modern pendant offers a wide variety of combinations. The glass is available in smoke grey, triplex opal or light pink. Whilst the structure is available in silver, black or light pink. Please contact us for more details and pricing.
