Brokis Jack O'Lantern Wall Frame

A subtle levitating metal frame and a luminous pearl in the form of a handblown matte sphere. With inspiration taken from the carved pumpkin, Lucie Koldova's concept guides the way, beckoning passers-by to enter.

This subtle and geometrically balanced light offers a wide variety of combinations. It can be hung separately or in vertical lighting arrangements. In addition to the suspension variant, there is also a wall composition comprising five frames joined in a single module for up to five glass spheres, which rely on nothing more than gravity to stay in place.
