Brokis Ivy Suspension

The Brokis Ivy Suspension Light is a sculptural lighting system that brings the poetic rhythm of nature into architectural interiors. Drawing inspiration from climbing plants, its modular framework can be configured into vertical, horizontal, or cascading compositions. Designed by Lucie Koldova, each 'branch' hosts delicate handblown glass shades in soft opal, smoke grey, or matte pink finishes, suspended from a minimalist frame.

This high-tech concept blends organic aesthetics with precise craftsmanship. Ideal for both residential and contract spaces, Ivy can be tailored as a single graceful pendant or scaled up into dramatic, custom installations. Whether used above a dining table, along a hallway, or as a light curtain in hospitality settings, the Ivy Suspension offers artistic impact and gentle, diffused illumination that enhances its surroundings without overwhelming them.

Brokis Ivy can also be supplied as a horizontal suspension. Dimmable versions, including Dali, 1-10V, and Casambi options are also available. Please [contact us](#) for more information and pricing.
