PRODUCT DESCRIPTION

Designer: Formafantasma

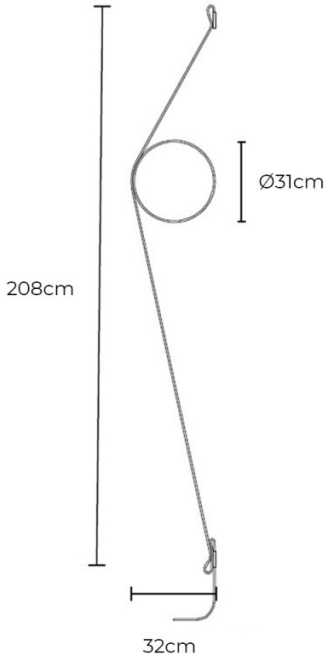

Flos Wirering LED Wall Light

The Flos Wirering LED Wall Light by designer Formfantasma is an innovative and contemporary design providing indirect light emission. Stripped back to its most essential elements, offering beauty never seen before from a wall sconce, the Flos Wirering Wall Light makes a statement about minimalist design and its decorative impact.

Available with a grey cable and four ring colours, gold, grey, black or white, this contemporary wall light can be used to create a bespoke design to suit your room and interior perfectly. The unique design of the Flos Wirering includes a body in calendared, extruded aluminium with a galvanised or varnished finish, and a special tangent cable made from coloured rubber which provides the power supply. The cable is fixed to the wall with ABS joints in the same finish as the ring. The cable includes an in-line dimmer, allowing you to personalise the lighting output to create the ambience you prefer.
