## PRODUCT DESCRIPTION

**Designer:** Danos Salgados

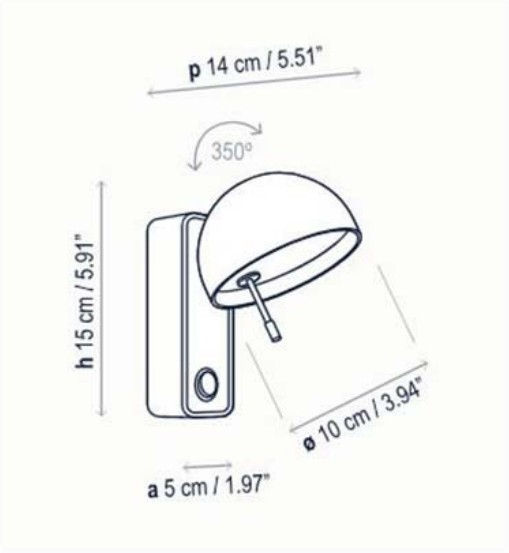

### Bover Beddy A/01 LED Wall Light

The Bover Beddy A/01 LED Wall Light was the first lamp manufactured for the Beddy collection, designed by Danos Salgados. This minimalistic wall light is the smallest in the collection, but does not sacrifice functionality for its minimalistic design.

The Beddy A/01 Wall Light harnesses integrated LED technology, which provides a warm light output and makes this design perfect for spaces such as your bedroom or reading nook. Although Salgados prioritises function over aesthetic, he has still managed to tick both boxes with the Bover Beddy A/01. Every feature provides a function, this lamp boasts an adjustable shade, making the A/01 an ideal directional task light. The shade features a small handle that makes it easier to direct the light to where you need it most. Also features an integrated on/off switch on the wall base, ensuring ease of use.

## PRODUCT SPECIFICATION

| | |
